

From the Desk of Editor in Chief
Professor Dr. Aizaz Mand Ahmad

Pakistan Society of Nephrology had a very successful event at Quetta Pakistan during its Biennial conference in March 2022. Indeed it showed the unity of Nephrology community and their resolve in supporting nephrology related events where ever they are held in Pakistan despite the pandemic or security situations.

The current issue contains the winner abstracts from the PSN meeting and rest of the abstracts will be uploaded later in the next issue.

During the same meeting a lot of interest was generated in the Peritoneal dialysis workshop and was well attended and appreciated by the members.
